PRAIRIE BLUFF
50% Laner / 50% Newbury

THE LOOK AND FEEL OF NATURAL STONE...NOTHING IS MORE HONEST OR MORE ENDURING.

BEAUTIFUL. For some people, good enough is fine. We're not those types of people. We make stone products for discriminating eyes and we distribute them through partners that can deliver an equally high caliber of service. There's value in excellence... but we suspect if you're reading this, you already knew that. You're like us.

RESPONSIBLE. Boulder Creek's respect for the planet runs deep. We're working hard to ensure that our manufacturing process consumes fewer resources and generates less waste. On average, our products are comprised of 75% recycled content and, while making them, we capture and reuse virtually all of the water used in the process.

YOU CAN DO IT YOURSELF. Here's where nature can't compete; Boulder Creek Stone Products are engineered for easy installation. Its reduced weight, consistently flat application surfaces, corner pieces and specially designed accessories make installation easy and produce professional-grade results.

Boulder Creek offers a product palette nearly as wide and deep as nature itself. A great first step is to determine what shape appeals most to you and then explore the range of subtle and dramatic color options. Let's get started!

WESTERN LEDGE STAK™
Moroccan

WESTERN LEDGE STAK™

A groutless pattern, it has the most depth giving it a rough and rugged Western feel.

ACCESSORIES

The design for your project shouldn't stop at the stone selection. You can make a huge visual impact with accessories on your project. Electrical outlets, light fixtures, windows, walls, posts, transitions to siding or stucco, fireplace openings: these are all places you can use accessories to add impact to your project.

The full line of Boulder Creek accessories comes in color selections complimentary to every stone we make. You can see the full accessory offering by visiting bouldercreekstone.com.
